Comment:

I support the request of the Cayuga Tribe thru the BIA, land trust. I am interested in helping to facilitate a common community dialogue, forging + finding our common interests + what we share, rather than what divides us from fear and money. Money fades - it comes + goes - the respect + kindness we

And I would like to reject the hate propaganda sent out by the people who call themselves, SOS - inflammatory.

This hate propaganda diminishes us all. I would like to see from the tribe more with me for support + help.

find I welcome the opportunity to live into some sense of social justice if this pleases =>

Michael Curtis Ep. Sun. Jaccobson residents = I believe we can open our hearts + find solutions - this is not forced upon this village - it gives me the opportunity to be generous.

share is what lingers

~~Handwritten mark~~

If anyone of The Cayuga Tribe
wishes to contact me for
support please do:

I would interview for a podcast
email @ above.

the members of the Cayuga tribe, with respect.

P.S. I would sell my Seneca City home on
The lake to any tribe member who might want it.

Name: Charles Clayton Organization: Retired
Address: 3121 Doolittle Dr. Seneca Falls, N.Y. 13148
Comment: Charles Clayton oppose putting 1.45 acres of land purchased by the Shohand into trust. I also would create a leadership for the community by raising taxes when this land is removed from the tax rolls. Our property in Rumore Estates borders other property purchased by the Cayugas, which could also be put into trust at a later date with a possible casino or rezoning. This would increase revenue, access and tourism. Please consider the pleas of the community in your final decision. Franklyn 3121 Doolittle Dr. Seneca Falls, N.Y. 13148

Comment: I, Dorothy Clayton oppose putting 125 acres of land purchased by the Indians into trust. This would create a hardship for the community by raising taxes when this land is removed from the tax rolls.

Our property, in Kenmore Estates borders other property purchased by the Cayugas which could also be put into trust at a later date with a possible case of reservation. This would increase crime, noise and pollution. Please consider the needs of the community when making your decision. Thank you.

As a home owner and retired of the U.S. Army I want to point out that the BIA and Federal Govt would allow land for trust and all its implications to occur in these United States & under the U.S. Constitution of the U.S. and for what it stands for we would use in Congress and to represent them all and not the people. This I suppose to be a program with a repetitive one. My thinking is that the BIA + DEIS are bureaucratic with little interest in the people. Govt Right are being spread and there will be pay right.

of land into Trust.

I also feel that any business done by the
Cayuga Nation within Seneca Falls should
be unapriorately taxed.

They need to follow the laws of NYs in their

Comment: I would welcome the Indian people to our beautiful area that was provided by the Good Lord. Along with those that over the years have developed our infrastructure - Businesses - Restaurants - So many other places of interest. Schools second to none. Besides food for by law - Home ownership that have enabled it all by 7 cents a cent to the federal - state - local - village services - all paid at price via taxes - Nothing comes free - Properties are available that are better than wigwags to those that make good neighbors and share the responsibility of ownership including commitments to cover. I really don't like the funding of tax free places that compete with a funded gambling facilities has been a moral downfall of \$2.2 million per. My Mother & Father came from Sweden. They had a great job in Sweden.
