Re: Cayuga Nation Fee-to-Trust Applications
Draft Environmental Impact Statement

Dear Mr. Feingold:

We have been provided with a copy of a July 6, 2009, letter from the United States Environmental Protection Agency ("EPA") setting forth the EPA's comments on the above-referenced Draft Environmental Impact Statement.

In its letter, the EPA asks the following question: "Should the [Nation's] Enterprise lands be taken into trust, is it the intention of the Cayuga Nation to decrease the amount charged for gasoline and cigarettes?"

In our capacity as the Nation's governing body, we are hereby advising you that you are authorized to inform the EPA that should the Nation's Enterprise lands be taken into trust, the Cayuga Nation does not intend to decrease the amounts charged for gasoline and cigarettes.

We trust that this adequately addresses the EPA's inquiry. Should you require any further information, please contact us.

Thank you for your attention.
